

The Power to Surprise

A talented compact

RIO

Rio 5-door

Rio 4-door

Rio 3-door

A talented trio for every lifestyle

A daily commuter, a weekend warrior, a fashion trendsetter. No matter who you are or where you're going, there's a Rio that is sure to bring out your very best. There's no longer a need to compromise on style when searching for that perfect combination of comfort, economy and functionality.

A personality that's sure to attract

Emanating flair from every angle, the Rio's low, wide stance and short overhangs give it a strong, youthful identity all of its own.

LED side repeaters

LED positioning lamps

LED rear combination lamps

The perfect family getaway companion

With an impressive level of safety and convenience features, Rio turns your journeys with loved ones into memories that last a lifetime. Its refined road manners and comfort befitting larger sedans make it the ideal excuse to take that long-awaited road trip.

Precision and ergonomics by design

While the ergonomically-designed cockpit puts the driver in control, the dashboard's harmonious interplay of form and function is given an extra touch of class by the use of high-grade finishing materials.

Center fascia

The controls of the center fascia are logically arranged for intuitive fingertip operation, adding to the convenience and comfort and making driving a complete pleasure.

High-tech refinement at your fingertips

Talent comes from within. In the Rio's case, Kia's designers have engineered a car with features that are cutting-edge yet at the same time effortlessly simple to use. A highly visible supervision cluster incorporates an on-board trip computer, while the steering wheel itself is tilt and telescopically adjustable so that you can find your perfect driving position. Switches are positioned for ultimate convenience - such as steering wheel-mounted controls for the audio system and auto cruise control. With minimal hand movement you can operate numerous controls without having to take your hands off the wheel.

Smart key

A neat, compact device that locks and unlocks the Rio with a simple touch of a button.

1. Bluetooth

Bluetooth lets you make and receive phone calls hands-free, and stream your music through the car's audio system.

2. Steering wheel audio remote

Adjust audio settings using just your thumb for enhanced driving safety.

3. Telescopic steering wheel

Can be positioned closer or further away from you for optimum comfort.

4. Auto cruise control

Perfect for motorway driving, the auto cruise control switch is handily located on the steering wheel.

Supervision cluster with trip computer

The clear, back-lit trip computer in the center of the supervision cluster provides essential journey information such as distance to empty and optimum fuel consumption.

The intelligent use of space

When something's compact, you do as much with the available space as possible. The intelligent thinking behind the Rio's interior has resulted in an airy, comfortable and deceptively roomy cabin.

Igniting the senses, visibly and audibly

Racing through the urban nightscape with its high agility, Rio offers the ultimate smart driving experience. Equipped with state of the art infotainment system which is not a mere option but a prerequisite for Rio, it yet has much more to offer with the dual connection ports that enable any type of external music device to be plugged in.

1. Aux / USB port
Input ports catering to every kind of personal music device provide maximum connectivity.

2. Radio / CDP / MP3

Deep bass, bright and consistent mid-range, detailed treble. Music lovers will lose themselves in the sound produced by Rio.

3. Full auto climate control / Cluster ionizer

Set the interior temperature then relax as the system automatically maintains the desired climate. Meanwhile, a cluster ionizer keeps the cabin air fresh.

The perfect partnership of power and safety

Drive the Rio and along with power, efficiency and performance come low emissions and reduced fuel consumption, not to mention safety specifications of the highest order. From a structural framework that absorbs impact forces in both frontal and side-on collisions to a range of active and passive safety measures, the Rio is built to protect those that matter.

EBD / ABS

If you have to brake and swerve suddenly, EBD / ABS applies the correct amount of brake pressure to each individual wheel so that you maintain control.

Six airbag system and the strength of steel

Providing protection and reassurance is a six airbag system comprising two front airbags, two curtain airbags and two side airbags. Underneath, a reinforced high tensile steel sub-frame offers strength where it's needed most.

Back warning system

When reversing into a parking space, an alert sounds if you get too close to other cars or obstacles.

Power from technology

Under the bonnet of the Rio, next-generation 1.2 or 1.4 petrol engines provide optimum performance with enhanced fuel economy. Made from high pressure die-cast aluminum to keep weight down and therefore save on fuel, their rigid ladder-frame construction helps reduce vibrations. Durable, quiet and smooth-running, these are engines you can rely on.

◀ Gamma 1.4 Gasoline Engine 107ps / 13.8kg-m

An all-new unit that delivers extra power while still keeping emissions low, this engine features single continuously variable valve timing, a silent steel timing chain and offset crankshaft.

▶ Kappa 1.2 Gasoline Engine 84ps / 12.3kg-m

A four cylinder unit constructed of lightweight aluminium, this engine features dual continuously variable valve timing and roller swing arm to reduce emissions and cut fuel consumption.

5^{-DOOR}
The talented compact car

There's no shortage on talent when it comes to the new Kia Rio. This sporty compact with upgraded efficiency boasts a lower emissions rating than ever before. And with detail given to its design as well, the new Kia Rio is more dynamic and sleeker than ever, making it as pretty on the outside as it is smart on the inside. Now that's talent.

Talent that lasts

In an urban setting, style is key. And the sporty Rio is sure to turn heads with its new upgraded dynamic design. The compact car, is now forever reinvented.

de la France
CAFE

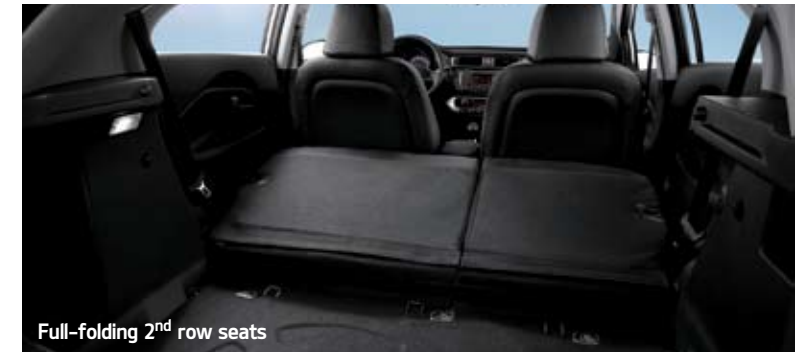

The ideal urban accessory

A popular restaurant, a cool coffee shop, a special meeting place. Your favorite venues soon become part of your life. And so does the Rio, putting a smile on your face as it whisks you off around town. Proof that talent can take you anywhere.

Load up on adventure

One lift of the Rio's tailgate and you'll already start anticipating the places you can go. With 288 cubic liters of luggage space, Rio is the ideal partner for active lifestyles.

Full-folding 2nd row seats

5-door

Bring out the "style" in lifestyle

Enjoy the versatility of a hatchback without sacrificing stunning good looks. Bold, dynamic design cues coupled with uncompromising convenience and safety features make this a car for any occasion.

LED side repeaters

LED positioning lamps

LED rear combination lamps

3-DOOR

The ultimate expression of confidence

For those who welcome gazing eyes, the sportiest of the three Rio body styles is sure to impress with its dynamic stance and low-slung profile. Belying its invigorating looks, it offers the same fuel efficient powertrains and class-leading features as its stable mates.

Convenient rear seat access

The front passenger seat backrest effortlessly folds forward to allow easy entry to the spacious rear seating area.

3-door

Awaken your youthful inner spirit

The 3-door's ultra-sporty silhouette and clean, distinct design touches will make you stand out from the crowd. Yet it boasts the interior spaciousness, passive and active safety features and high-tech amenities that you would expect from a premium family sedan.

Interior colors

Here's where you add your own personality to a car that already has plenty of its own.

Cloth	Cloth
Pure leather	

Black
Black is never out of fashion. Stylish and classy, but at the same time highly practical.

Cloth	Cloth
Pure leather	

Desert Grey
Refined and understated, Desert Grey offers a subtlety you'll find satisfying every time you take a seat.

Cloth	Artificial leather
Pure leather	

Brown
For those wishing to express their individuality, the Brown color scheme is traditional yet also up to date.

Artificial leather	
--------------------	--

- Leather steering wheel+TGS Knob boot
- Artificial leather Seat Covering
- Console armrest
- Artificial leather Door Trim
- Red Color Airvent surround
- Soft Form Center Facia
- Black High Glossy CTR Facia

Red Color Package
Creating an interior that is one of a kind and modern in feel, our Red Color Package will have you feeling as cool as the new Rio looks.

Features that heighten the satisfaction

Some are essential, some provide added convenience, but all of Rio's features enhance the overall driving experience. From a sunroof in summer to heated front seats in winter, every feature has been designed for you to enjoy the drive no matter when and where you're headed.

Aero blade wipers
Keeps the wiper blades in contact with the windshield at high speeds.

Solar control glass
Reduces the penetration of heat rays for a cooler cabin.

Sunroof
Adds another dimension to the Rio - letting in plenty of light and fresh air and letting you make the most of the summer sunshine.

Rain sensor
Senses raindrops on the windshield and activates the wipers accordingly.

Metal pedal pads
Add a real sporty touch to the interior with their stainless finish.

Automatic transmission
Provides smooth shifting and outstanding fuel economy for a satisfying drive.

Glove box cooling (15L)
Keeps your drinks cool on hot summer days.

Sliding console armrest
Can be adjusted for the most comfortable arm position when driving.

Auto defog system
Detects mist on the windshield and automatically deploys the fans to defog the screen rapidly, saving you from having to engage buttons manually.

Vehicles in harmony with nature **ECO dynamics**

Whether you love getting out into the great outdoors or simply enjoy living in a more sustainable balance with the ecosystem, you have found a soul mate in Kia Motors.

Environmental preservation and social responsibility are top priorities at Kia, and we back up our commitment with tangible action. Our EcoDynamics sub-brand, established in 2009, designates the most eco-friendly cars within each Kia model range that showcase our new fuel-stretching and emission-cutting technologies such as hybrid, electric and hydrogen fuel cell powertrains.

We are also building a clean global production system, raising the resource recovery rate, and designing vehicles with the disposal phase in mind.

Meanwhile, we are adopting more and more environmentally friendly materials in our cars, selected for their composition, biodegradability and bio-inspired technology. For example, to reduce our carbon footprint, we are replacing oil-based materials with plant-based materials wherever possible.

As you can see, we at Kia Motors are committed to finding fundamental solutions to cut energy consumption and combat climate change. If you feel the same way about preserving the environment and ensuring a brighter future for the younger generation, then we have just the vehicle for you.

The Power to Surprise

Kia is the newest and most exciting force of change in the automotive world and we are ready to change the way you feel and think about driving. More than just a promise, we are committed to making driving a true pleasure for customers across the globe. With youthful and dynamic styling and the latest in advanced technologies, Kia cars are turning heads the world over with the power to surprise. From the Picanto to the Mohave, Kia offers a full lineup of sedans, SUVs and MPVs that are not only practical and stylish but downright exhilarating to drive. Keep your eyes on Kia because our best has yet to come.

About Kia Motors Corporation

Kia Motors Corporation (www.kia.com) - a maker of quality vehicles for the young-at-heart - was founded in 1944 and is Korea's oldest manufacturer of motor vehicles. Over 2.7 million Kia vehicles a year are produced in 10 manufacturing and assembly operations in five countries which are then sold and serviced through a network of distributors and dealers covering around 150 countries. Kia today has around 48,000 employees worldwide and annual revenues of over US\$43 billion. It is the major sponsor of the Australian Open and an official automotive partner of FIFA - the governing body of the FIFA World Cup™. Kia Motors Corporation's brand slogan - "The Power to Surprise" - represents the company's global commitment to surprise the world by providing exciting and inspiring experiences that go beyond expectations.
