

# Body Domain Controller Update

EV9 MY24 | 8/07/2024

---

Dear Owners,

An OTA Update for the Body Domain Controller (BDC) will be available from the 8<sup>th</sup> of July 2024. This update is applicable to all EV9 variants.

## What's New

This OTA update improves the control logic to prevent an incorrect tyre pressure warning light from appearing on the cluster while driving.

We hope that this OTA update will enhance your driving experience with added safety.
