

Engine Control Module Update

Sorento MY24 | 21/05/2024

Dear Owners,

An OTA Update for the Engine Control Module (ECM) will be available from the 21st of May 2024. This update is applicable to Sorento MY24 Petrol variants.

What's New

This OTA update provides the following improvement to the Engine Control Module:

- Improves the engine control logic to prevent a potential engine warning light illumination and the vehicle from entering limp home mode.

We urgently request that you perform this update when possible.
