What is Covered

New Vehicle Limited Warranty

Subject to the other terms and conditions of this Limited Warranty Manual, Kia warrants that it will arrange for an Authorized Kia Dealer to provide for the repair of your Kia Vehicle if it fails to function properly during normal use.

Such Authorized Kia Dealer will remedy such failures to function properly at Kia's expense, if you present your Kia Vehicle to such an Authorized Kia Dealer during its normal operating hours, provide sufficient information to permit a proper identification and diagnosis of the failure to function, and permit the Authorized Kia Dealer adequate time to perform the necessary repair.

As this obligation is subject to the terms, conditions and limitations of this Manual, you should refer to the Manual to understand which repairs and replacements are covered by this warranty.

If an Authorized Kia Dealer declines or fails to carry out a proper repair or replacement of a factory installed part covered by this Limited Warranty without charge to you, Kia will (a) determine if the repair or replacement requested by you is covered by this New Vehicle Limited Warranty and, if so, (b) obtain cooperation from an Authorized Kia Dealer to conduct such repair and replacement without charge to you.

Parts replaced under any warranties in the Manual become the property of Kia.

The Warranty Period

The New Vehicle Limited Warranty is divided into various warranty periods. For the purpose of all warranties contained in this manual (other than warranties in replacement parts installed after the Kia Vehicle was placed into use), the warranty period begins on the Date of First Service. Moreover, whenever this Manual refers to a warranty period of months/kilometers, it means whichever comes first. Any remaining portion of any warranty is fully transferable to subsequent owners, except the case of purchasing Kia Vehicle out of the original territory of the Kia sales entity where the Kia Vehicle sold by Kia.

Warranty Coverage

Basic Warranty Coverage

Except as limited or excluded below, all components of your new Kia Vehicle including Electric Vehicle ("EV") or Hybrid System ("HEV/PHEV") are covered for the warranty period or mileages applicable to your Kia Vehicle as described in this manual from the Date of First Service, whichever comes first (Basic Limited Warranty Coverage). This Warranty does not cover wear and maintenance items, or those items excluded elsewhere in the Manual. See "Exceptions" and "What is Not Covered."

- **Electric Vehicles ("EV") system**

Electric Motor, High Voltage Battery*, Electric Power Control Unit ("EPCU"), On Board Charger ("OBC")

- **Hybrid system ("HEV/PHEV")**

* High Voltage Battery*, Hybrid Power Control Unit ("HPCU"), Traction Motor, On Board Charger ("OBC")

* High voltage battery is covered under Basic warranty condition, but if the warranty period of High-voltage battery is defined in the NOTE('Warranty coverage at a glance') of this manual, it shall be followed.

Exceptions

The items specified below are covered for periods different from the basic coverage.

- **Battery (12V)**

The original equipment battery is fully covered for the first 12 months from the Date of First Service regardless of mileage. Kia will not reimburse you for any portion of the cost of a non-Kia replacement battery.

- **Capacity coverage of the High Voltage Battery Pack for pure Electric Vehicle (“EV”) and Plug-In Hybrid Vehicle (“PHEV”)**

The High Voltage Battery capacity warranty coverage is the warranty period or mileages applicable to your Kia Vehicle as described in this manual from the Date of First Service, whichever comes first, for capacity loss below 70% of the original High Voltage Battery capacity. But if specified warranty period of High-voltage battery is defined in the NOTE(‘Warranty coverage at a glance’) of this manual, it shall be followed. This warranty covers repairs needed to return battery capacity to 70% of original High Voltage Battery capacity. If possible, the High Voltage Battery components will be repaired or replaced, and the original High Voltage Battery will be replaced with either a new or remanufactured High Voltage Battery.

Any repair or replacement made under this High Voltage Battery capacity coverage may not return your High Voltage Battery to an “as new” condition with the original 100% capacity. However, it will provide the vehicle with a High Voltage Battery capacity of at least 70% of the original battery capacity. This High Voltage Battery capacity coverage is subject to the exclusions listed under the section “What is Not Covered.”

- **Capacity coverage of the High Voltage Battery Pack for Hybrid Vehicle (“HEV”) and Low Voltage Battery of Mild Hybrid Vehicle (“MHEV”) (48V)**

Capacity deterioration coverage is based on onboard diagnostic system information (DTC - Diagnostic Trouble Code).

This HEV/MHEV battery coverage is subject to the exclusions listed under the section “What is Not Covered.”

- **Audio System**

The original equipment audio and its all related parts (including Video Systems) are covered for 36 months from the Date of First Service or 100,000 kilometers, whichever comes first. Meanwhile, when the Basic Warranty Coverage is less than this Audio System Limited Warranty, Basic Warranty Coverage is applied to Audio System.

- **Air conditioner-Refrigerant Charge**

Air conditioner refrigerant charge is covered for the first 12 months from the Date of First Service regardless of mileage. Over the balance of after 12 months, refrigerant charge is covered only when replenished as part of a warranty repair.

Limited Liability

The liability of Kia under this warranty is limited solely to the repair or replacement of parts originally installed by Kia during the production defective in material or workmanship by an Authorized Kia Dealer at its place of business, and specifically it does not include any expense for or related to transportation to such a dealer or payment for loss of use of the Kia Vehicle during warranty repairs.
